Exhibit with us

An introduction to our new gallery in Caerphilly, who we are, and how we work with the artists we exhibit.

A boutique gallery, built around the art

Cathays Picture Framing & Gallery is an independent art services studio. Since 2014 we have been framing, restoring, hanging and showing art for collectors, homes and businesses across South Wales.

Works shown by independent artists

We show original British and international work in intimate spaces, and we offer personal, unhurried private viewings rather than a white-cube walk-through.

Because framing, restoration and installation all happen under one roof, we look after every stage of a work's visual journey — from how it is framed, to how it is hung, to how it reaches the collector's wall.

In July 2026 we opened our second gallery, in Caerphilly, giving us a dedicated exhibition space alongside our original Cardiff studio.

Our programme is curated by the Cathays Gallery team, and we work with a small number of artists at a time so that every exhibitor gets real attention — on the walls, online and in conversation with buyers.

Cathays Gallery Caerphilly

Our Caerphilly gallery is on Castle Street, opposite the castle gates, in the heart of the town.

The space launched with our **Opening Exhibition** (18 July – 17 October 2026), showcasing contemporary artists and historic art, and will host a rolling programme of curated exhibitions from here on.
